Subject: Update on LDNR Class VI Primacy Application

Good morning,

Sorry for the delay as we are getting closer to the holiday season!

Here is an update on your application.

Two documents (items 3 and 7) are currently waiting for our acting RA's signature.

We've been scheduled for a briefing with him on November 22nd. Hopefully, after that, we will forward the following documents to EPA-HQ.

- 1) Final version of Program Description in PDF
- 2) Final copy of signed Attorney General's statement
- 3) Final copy of signed Modified MOA (w/signatures from the state and the region)
- 4) Copies of all applicable state statutes and regulations, including those governing state administrative procedures as required by 40 CFR 145.22(a)(5).
- 5) Final Crosswalk
- 6) Final signed Governor's letter
- 7) Final transmittal memo from Region to HQ
- 8) Documentation of state public participation activities.

EPA-HQ will initiate the Tier III rulemaking and create a docket for the placement of the application materials and transmittal letter. Simultaneously, in accordance with the UIC rules, EPA will publish a notice of the proposed program revisions and will offer a public comment period of at least 30 days. This notice will provide an opportunity to request a public hearing.

If you have any question, please feel free to contact me.

Regards,

Lisa Pham
